II. Prop 47 Advisory Committee Follow-up

Competitive grant project - update on Prop 47 proposal. Identify next steps to address needs outlined in proposal.

Bill thanked everyone for participation in this process. He was unable to submit the grant application due to various pieces not coming together.

Bill hopes to apply the resources already here to work on the services discussed. He said a lot has been learned through this process and hopes to get the Americorp piece off the ground. He invited the group to help expand what we have.

Bill pointed out that communication between the agencies needs to be better so that available resources are known. These gaps need to be closed.

Transitional housing and continuum of care were discussed and how to network together. Probation will share the new Resources Catalog that HSU created.

Vanessa at the jail makes sure this information gets to the inmates.

The \$335,000 piece from the BOS is still in play to get drug/Medi-cal certification.

There is a meeting on March 3 for programs to get certified.

Bill would like to use this general CCP meeting to continue with these plans.
