Subject: comment for Measure Z

Caution: This email was sent from an EXTERNAL source. Please take care when clicking links or opening attachments.

Dear Measure Z Citizens' Advisory Committee,

I am writing to express my support of Measure Z funds being allocated for speed calming on Peninsula Drive in Manila. A number of residents of Manila raised this concern with MCSD, and have been collaborating to try to solve this issue.

Many people on our street walk regularly and without a shoulder on the road, it is not safe when vehicles are driving at excessive speeds. For a small street, there is a great deal of traffic, particularly related to the school. Pedestrians include parents and children, members of the local elementary school community, individuals accessing the bus stop, dog walkers, and people walking for health. We believe improving pedestrian safety would be beneficial to all in our community and encourage exercise, community building and alternate means of transportation.

Sincerely,
Kamila Larripa
