### Minutes

#### **I. Call to order**

Supervising Probation Officer Justin Nadigoo called the meeting to order at 12:17pm. In attendance were Justin Nadigoo and Michelle Tucker from Probation, Lynn Kerman and Jason Miller from RCAA, and Wes Harrison from North Coast Substance Abuse Council.

#### **II. Report out on CCP Executive Committee meeting 02/19/2020**

*Review agenda items covered, discussions held and actions taken.*

SPO Nadigoo relayed that funding had been approved for sending staff to the upcoming CIT conference.

#### **III. Update on CCP plan implementation**

*Brief review current status of CCRC staffing and Community Corrections Partnership plan program service elements and other executive-body approved actions.*

Wes Harrison/NCSAC: Four site visits were conducted with the results being positive. They are currently full, with three beds being filled by probation and the remaining by IGT clients. It was suggested that more proactive communication with the Supervising Probation Officers about bed availability would help secure those spots for probation clients. While there is no current projected implementation date for Drug-Medical, they are still preparing for the population change within the program.

Lynn Kerman/RCAA: Things have been going with their case manager positions. It was suggested that aftercare being made more visible as a part of treatment as opposed to an add-on may be helpful for client success.

**IV. Public Comment (as time permits)**

*Open discussion of the ongoing or emerging impacts on the community of Public Safety Realignment.*

There was no public comment.

**V. Take input for next month's agenda**
