NEW BUSINESS

V. DHHS – SB 43; Potential Impacts on Workload for Local Agencies– Discussion Item

Connie Beck – Discussion SB 43 changes to law around conservatorship – concerns about funding to office, and services and impacts. Meeting with Assemblymember Woods, and local services including emergency department services about the SUD portion. If it passes, will impact the group and thoughtful about the implementation. Emi Boltzen-Rogers- Humboldt has one of the highest

rates of conservatorship in the state, no \$ tied to services and boarding the definition and allows SUD and prior SUD to qualify and broadens from imminent risk to potential risk. Place and hold SUD only potentially and placed on conservatorship path and forced treatment, which goes against clinical studies and services as forced treatment. Placement will be an issue, and change who will respond including law enforcement and ED services for those individuals. There are no locked facility for SUD, no treatment available for those on a 5150 SUD services. No resources in Humboldt or in California. Possibility of a change to the SUD portion of the law but the broadening of services will still continue to provide challenges. Will impact the work and unfunded mandate. Someone placed on 5150, through a series of evaluations and courts to find a level of care or recommendation of conservatorship. No structure around how an SUD conservatorship terminates. Underlying charges can also cause issues to finding placement. Building out organized delivery system through drug medical in Humboldt county. Connie to send out more information about the Bill and a summary from staff on potential impacts. Once it passes, review here and start address in SIM.

Jail – Counts slowly rising currently 260 – cap at 422. Slowly opening and adjusting, staff started during COVID now navigating the change, got MH and Medical on staff and available, and finding resources and the right form of communications

Public Defender – trying to find a misdemeanor attorney, not able to hire
Courts – nothing

Probation – mini-warrant sweep last month with communication to Jail but other agencies were also bringing in warrants at the same time. Warrants are being held to be presented to the courts. Warrant check-ins now has changed the way probationers respond as they are being detained instead of site and release. More searches and knock and talks. More field supervision services. Training into field and cleaning up those warrants that have been pending for a long time. Warrant list is now going to all agencies for review.

Ferndale Police Department – nothing to report out

DHHS – no updates on staffing, person retiring in July, and SUD vacant and MHC in Jail still vacant.
