INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Supervisors County of Humboldt Eureka, California

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Humboldt (County), as of and for the year ended June 30, 2010, which collectively comprise the County's basic financial statements and have issued our report thereon dated December 29, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 10-FS-1, 10-FS-2, 10-FS-3, 10-FS-4, 10-FS-5, and 10-FS-6 to be material weaknesses.

Board of Supervisors County of Humboldt

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the County in a separate letter dated December 29, 2011.

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the County's responses and accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of management, the Board of Supervisors, the Grand Jury and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specific parties.

Roseville, California December 29, 2011

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Supervisors County of Humboldt Eureka, California

Compliance

We have audited the compliance of the County of Humboldt (the County) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that have a direct and material effect on each of its major federal programs for the year ended June 30, 2010. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, the County of Humboldt complied, in all material respects, with the requirements referred to above that have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

Board of Supervisors County of Humboldt

Internal Control Over Compliance

The management of the County of Humboldt is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, and business-type activities, each major fund, and the aggregate remaining fund information of the County of Humboldt as of and for the year ended June 30, 2010, and have issued our report thereon dated December 29, 2011, which contained unqualified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Board of Supervisors County of Humboldt

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

This report is intended solely for the information and use of management, the Board of Supervisors, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Schedule of Federal Awards For the Year Ended June 30, 2010

Note 1: **Reporting Entity**

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal awards programs of the County of Humboldt. The County of Humboldt's reporting entity is defined in Note 1 to the County's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the schedule.

Note 2: **Basis of Accounting**

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the County and is presented based on Generally Accepted Accounting Principles. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the basic financial statements.

Note 3: **Relationship to Financial Statements**

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree, in all material respects, to amounts reported within the County's financial statements. Federal award revenues are reported principally in the County's financial statements as intergovernmental revenues in the General and Special Revenue funds and grant revenue in the Enterprise funds.

Note 4: **Subrecipients**

Of the federal expenditures presented in the Schedule of Expenditures of Federal Awards, the County of Humboldt provided federal awards to subrecipients as follows:

Federal CFDA	Program Title	Amount Provided to Subrecipient
17.259 14.228	WIA Title I Youth Formula Community Development Block Grant	\$ 313,507 209,434
		\$ 522,941

Notes to Schedule of Federal Awards For the Year Ended June 30, 2010

Note 5: **Program Clusters**

Federal programs, which must be audited together as a program cluster, include the following:

Federal		Federal
<u>CFDA</u>	Program Title	<u>Expenditures</u>
WIA Clus	<u>ster</u>	
17.258	WIA Title I Adult Formula	\$ 388,652
17.258	ARRA – WIA Title I Adult Formula	475,275
17.259	WIA Title I Youth Formula	443,103

17.260	ARRA – WIA Rapid Response	63,889
17.260	Redwood Coast Targets of Opportunity	32,916
	Total	<u>\$ 2,962,974</u>
<u>Temporar</u>	y Assistance for Needy Families Cluster:	
93.558	TANF – Admin	\$ 12,200,415
93.558	TANF – Assistance	5,423,631
93.714	ARRA – Emergency Contingency Fund for TANF	3,012,824
	Total	<u>\$ 20,636,870</u>

Note 6: Pass-Through Entities' Identifying Number

When federal awards were received from a pass-through entity, the Schedule of Expenditures of Federal Awards shows, if available, the identifying number assigned by the pass-through entity. When no identifying number is shown, the County either determined that no identifying number is assigned for the program or was simply unable to obtain an identifying number from the pass-through entity.

Notes to Schedule of Federal Awards For the Year Ended June 30, 2010

Note 7: Loans with Continuing Compliance Requirement

Outstanding federally-funded program loans, with a continuing compliance requirement, carried balances as of June 30, 2010 as follows:

Federal CFDA#	Program Title	Amount C July 1, 2009	Outstanding June 30, 2010
14.228	Community Development Block Grants/States Program	\$ 2,503,164	\$ 2,532,620

Schedule of Findings and Questioned Costs Financial Statement Findings For the Year Ended June 30, 2010

Finding/Program

Findings/Noncompliance

Finding 11-FS-1

Receivables Cutoff

Criteria

During its year-end closing process, the County should establish and enforce policies and procedures to ensure that year-end accruals are properly identified and recorded for all account balances, including revenues and receivables.

Condition

During the audit, we noted a significant receipt for services provided during the fiscal year ended June 30, 2010, that was not properly accrued at year-end. The total amount of the related audit adjustment was \$6,475,239.

Cause

Subsequent to year-end, the County did not identify significant revenues that should have been accrued during the year-end closing process.

Effect of Condition

The revenue was understated as a result of untimely recognition of revenue.

Recommendation

To ensure proper revenue recognition, we recommend that the County review all subsequent period deposits to allow for timely revenue recognition.

Management Response

Fiscal year 2009-10 was a period during which there was a lot of turnover in accounting staff in the Auditor-Controller's office and also of fiscal staff in a number of reporting departments. Some newer departmental fiscal staff did not understand what was required for receivables reporting, and staff members in the Auditor-Controller's office who could have assisted them were overwhelmed by their new duties and the increased workload associated with staff reductions – thus significant errors occurred with regard to accrual of receivables.

Finding 11-FS-1 (continued)

Receivables Cutoff (continued)

While staffing levels have still not returned to earlier levels, responsible personnel in the departments and in the Auditor-Controller's office have gained experience in these tasks and the incidence of errors was greatly reduced in fiscal year 2010-11. It is expected that continued improvement will be made in subsequent years.

Finding 11-FS-2

Reconcile General Ledger Accounts to Subsidiary Schedules

Criteria

Frequent reconciliations and adjustments will ensure meaningful and accurate financial statements and reports that can be used to help in the management decision-making process.

Condition

During the audit, we noted several significant account balances such as capital assets, loans receivable, interfund transfers and long-term liabilities that were not reconciled in the general ledger. While the County was able to produce reliable schedules to support its account balances, these balances were not reflected in the general ledger.

Cause

The County currently does not have a process in place to update its general ledger to reflect its supporting schedules for certain account balances, including capital assets, interfund loans and transfers and compensated absences.

Effect of Condition

The lack of a reconciliation process at year-end resulted in several significant audit adjustments to the County's accounting records at year-end.

Schedule of Findings and Questioned Costs Financial Statement Findings For the Year Ended June 30, 2010

Finding/Program

Findings/Noncompliance

Finding 11-FS-2 (continued)

Reconcile General Ledger Accounts to Subsidiary Schedules (continued)

Recommendation

We recommend that reconciliations of significant accounts, including capital assets, loans receivable, interfund loans and transfers, and long-term liabilities be performed at least once a year prior to closing to ensure that the county's general ledger is accurate.

Also, we recommend the County modify its chart of accounts to include identifiable accounts for significant account balances that should reconcile throughout the year such as interfund transfers and advances which are currently being recorded to various account numbers.

Management Response

Accountants are required in order for reconciliations to occur, and as long as the Auditor-Controller's office is operating with reduced staffing the level of reconciliation will be less than optimal. However, marginal improvements are being made as current staff grows in experience and ability. Also, a few critical staff vacancies have been recently filled so the staffing shortage is now less acute than it was during the period addressed by this audit. Modification to the chart of accounts is a measure we have been implementing during 2010-11 to improve clarity and that effort will be expanded to include other categories of accounts.

Finding 11-FS-3

Headwaters Accounting

Criteria

Frequent reconciliations and adjustments will ensure meaningful and accurate financial statements and reports that can be used to help in the management decision-making process.

Schedule of Findings and Questioned Costs Financial Statement Findings For the Year Ended June 30, 2010

Fine	ding	/Pro	gram
1 111	41115/	110	SIUIII

Findings/Noncompliance

Finding 11-FS-3 (continued)

Headwaters Accounting (continued)

Condition

During the audit, we noted several account balances that were not properly reflected in the general ledger, including interfund advances with the Aviation fund, budgeted transfers to the General Fund, interest earnings, loan activity and intrafund loans among the various Headwaters funds.

Cause

The County does not currently have a process in place to review the Headwaters Funds for proper accounting.

Effect of Condition

During the audit, we recommended several audit adjustments to report the account balances of the Headwaters Funds in accordance with generally accepted accounting principles.

Recommendation

We recommend the County reconcile the accounts within the Headwaters funds on a monthly basis, including reconciling the loans receivable and interfund loan balances and related activity to the schedules provided by Economic Development.

Management Response

Monthly reconciliation of Headwaters funds is not reasonably possible with current accounting staff levels, however we believe a better annual reconciliation can be achieved. Additional attention will be focused on Headwaters reconciliation for the year ended June 30, 2011.

Schedule of Findings and Questioned Costs Financial Statement Findings For the Year Ended June 30, 2010

Finding/Program

Findings/Noncompliance

Finding 11-FS-4

Other Postemployment Benefits (OPEB) Valuation

Criteria

Governmental Accounting Standards Board Statement No. 45 Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions (GASB 45) requires that OPEB plans with a total membership of 200 or more have an actuarial valuation performed at least biennially with the calculated OPEB costs and obligations being recognized in the financial statements.

Condition

While the County had an actuarial valuation performed for the year ended June 30, 2009, it did not report its calculated OPEB costs and obligation in its basic financial statements resulting in a prior period adjustment of \$2.5 million to the June 30, 2010 government-wide statements.

Cause

The County did not realize it had a significant OPEB liability to report since OPEB is a government-wide accounting entry not typically tracked in the general ledger.

Effect of Condition

By not reporting OPEB, the County's OPEB liability and related expenses are significantly understated in the Government-wide statements. This results in governmental financial statement users being denied a clear picture of the County's position with regard to its OPEB obligations.

Recommendation

For financial reporting purposes, we recommend the County continue to report the calculated OPEB obligation in its annual financial statements as it did in the June 30, 2010 financial statements.

Schedule of Findings and Questioned Costs Financial Statement Findings For the Year Ended June 30, 2010

Finding/	Program
1 11101115	I I O SI WIII

Findings/Noncompliance

Finding 11-FS-4 (continued)

Other Postemployment Benefits (OPEB) Valuation (continued)

Management Response

The County concurs with the finding and will report its OPEB liability in subsequent years in accordance with generally accepted accounting principles.

Finding 11-FS-5

Capital Lease Obligations

Criteria

Generally accepted accounting principles require that all debt transactions of proprietary funds be reported on the accrual basis in the proprietary fund financial statements.

Condition

During the audit, we noted a capital lease for an AT&T phone system that was valued at \$685 thousand at June 30, 2009 that was not recorded in the County's general ledger or audit report.

Cause

The Auditor-Controller's Office was not aware of the capital lease transaction involving another department.

Effect of Condition

Liabilities were significantly understated in the Information Technology internal service fund.

Recommendation

To ensure that all long-term debt transactions are captured in the County's general ledger, we recommend that the County establish and enforce policies and procedures to ensure that all new long-term debt obligations are communicated with the Auditor-Controller's Office.

Schedule of Findings and Questioned Costs Financial Statement Findings For the Year Ended June 30, 2010

Lindin.	The amount
rmam:	g/Program

Findings/Noncompliance

Finding 11-FS-5 (continued)

Capital Lease Obligations (continued)

Management Response

We concur that this lease should have been properly identified in the 2008-09 financial statements. Auditor-Controller staff identified it as a capital lease during the approval process but that information somehow was not reflected in the financial statements at the time. Subsequent staff turnover delayed recognition of the lease until fieldwork on the current audit. The staffing situation has since stabilized somewhat and care will be taken to assure appropriate recognition of any future capital leases.

Finding 11-FS-6

Payroll Accrual

Criteria

The year-end accrued payroll liability calculation should be based on the number of days within the reporting period.

Condition

The County payroll accrual was understated by approximately \$1.05 million at June 30, 2010 as a result of the County using an alternate method to calculate the year-end accrual.

Cause

The County currently accrues payroll at June 30 of each year at 1/14 of one payroll period in anticipation of having 27 payroll periods every 14th year. This method for calculating the payroll accrual is used for budgeting purposes.

Effect of Condition

The payroll accrual is understated and not in accordance with generally accepted accounting principles.

Recommendation

We recommend the County report accrued salaries in accordance with generally accepted accounting principles.

Schedule of Findings and Questioned Costs Financial Statement Findings For the Year Ended June 30, 2010

Finding/Program

Findings/Noncompliance

Finding 11-FS-6 (continued)

Payroll Accrual (continued)

Management Response

The 27th payroll method of accounting for the payroll liability calculation is an antique practice that the County of Humboldt had employed since time immemorial. It appears to have been designed to assure that appropriate budgetary resources would be available in those years with an extra pay period, however it was never consistent with generally accepted accounting principles. 2011-12 is the end of the most recent cycle of fourteen years so this year will be closed using a more standard accounting method.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON THE PROCEDURES PERFORMED PURSUANT TO FEDERAL AVIATION ADMINISTRATION REGULATION (TITLE 14, CODE OF FEDERAL REGULATIONS, PART 158)

Board of Supervisors County of Humboldt Eureka, California

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Humboldt, as of and for the year ended June 30, 2010, which collectively comprise the County's basic financial statements and have issued my report thereon dated December 29, 2011. We have conducted the audit in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and preform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides reasonable basis for our opinion.

The management of the County of Humboldt is responsible for the County's compliance with laws and regulations. In connection with the audit referred to above, we applied the procedures enumerated below to the Statement of Revenues, Expenditures and Changes in Fund Balance – Passenger Facility Charges of the County of Humboldt for the year ended June 30, 2010. These procedures, which were agreed to by the County of Humboldt were preformed solely for the purpose of meeting your contractual obligation with the Department of Transportation, Federal Aviation Administration. We applied the procedures enumerated below in accordance with Federal Aviation Administration Regulations (Title 14, Code of Federal Regulation, Part 158).

- 1. We examined the revenue received by collecting carriers and determined if those funds are being properly deposited into a separate interest bearing account.
- 2. We examined and verified that interest earned on such revenue, that amounts used on each project and the amount reserved for currently approved projects.
- 3. We examined the expenditures to ensure they are only for aviation capital projects.

Board of Supervisors County of Humboldt

These agreed-upon procedures are substantially less in scope than an audit, the objective of which is the expression of an opinion on the County of Humboldt's Schedule of Revenues, Expenditures and Changes in Fund Balance – Passenger Facility Charges. Accordingly, we do not express such an opinion.

Based on the application of the procedures referred to above, nothing came to our attention that caused us to believe that the County of Humboldt was not in compliance with the control procedures specified in the Federal Aviation Administration Regulation (Title 14, Code of Federal Regulations, Part 158). Had we performed additional procedures or had we performed an audit of the County's Schedule of Revenues, Expenditures and Changes in Fund Balance – Passenger Facility Charges matters might have come to our attention that would have been reported to you.

This report is intended for the information of management and various county, state and federal regulatory agencies and is not intended to be, and should not be, used by anyone but these specified parties.

December 29, 2011

COUNTY OF HUMBOLDT SCHEDULE OF REVENUE AND EXPENDITURES AND CHANGES IN FUND BALANCE - PASSENGER FACILITY CHARGES FOR THE YEAR ENDED JUNE 30, 2010

R	ev	en	ue	S	:
K	ev	en	ue	S	•

Passenger Facility Charges (3987, 3988, 3989, 3991, 3992, 3993) Interest	\$ 381,472 8,270
Total Revenue	 389,742
Expenditures: Contributions to other funds for Aviation Captital Projects	64,972
Total Expenditures	 64,972
Excess of Revenues Over (Under) Expenditures	324,770
Fund Balance at Beginning of Year	339,205
Fund Balance at End of Year	\$ 663,975

(1) Basis of Accounting-

The Schedule of Revenue and Expenditures and Changes in Fund Balance - Passenger Facility Charges has been prepared on a cash basis, as prescribed by Section 9110 and 9111 of the Aviation Safety and Capacity Expansion Act of 1990, issued by the Federal Aviation Administration of the United States Department of Transportation.

Revenues include amounts collected by the airport. Expenses are presented on a cash basis and include only the expenses on approved PFC projects.

The total amount of interest reported this year consists of the actual interest for the fourth quarter of the prior year and the actual interest for the report year through June 30.
