Subject: Please Reduce Central Ave to 2 Lanes in Town Center

To: <mckinleyvillemac@gmail.com>

I am writing to express my support for the narrowing/calming of Central Avenue. I have bicycled on Central and felt very unsafe and so have stopped the practice. I would love to bike again if measures were taken to make it a safer option.

Currently it is not designed for residents to park and walk around town. I believe this reduces a sense of community and socialization between neighbors.

We need to be changing our habits of car-dependance. An important step toward this goal is to design a town that is bicycle and pedestrian friendly.

Now is the time to plan for a healthier community.
