Subject: McKinleyville Central Ave plan

I am writhing to voice my concerns on the *MMAC* master plan of reducing the 4 traffic lanes in the center of McKinleyville on Central Ave to 2 lanes. The traffic now in the mornings and early afternoons is bad enough now, if you reduce the 4 lanes to 2 lanes with diagonal parking it will make Central Ave a nightmare. There will be a backup of traffic and anyone trying to back out of a diagonal parking spot would be impossible and dangerous. There would be no place for vehicles to pull over if an emergency vehicle needed to travel that section of Central Ave. I would like to see Central Ave beautified by adding a planter down the center and require vehicles to use the major intersections with traffic lights to make turns and U turns to access the businesses.
