Dear members of the McKinleyville Municipal Advisory Committee,

**As lifelong residents of the McKinleyville community, we strongly
OPPOSE the McKinleyville Town Center Master Plan option to
decrease Central Avenue to one lane.**

**There does not appear to be any advantage to doing this
modification.**

**With increased residency in McKinleyville, and traffic flow, this change
would adversely back up traffic the entire length of Central Ave.,
further blocking intersections and interrupting flow.**

**As residents of the Bella Vista area, I can truthfully tell you, you take
your life in your hands with ingress and egress of the subdivision,
during drive times especially.**

**Please consider our remarks as a NO the adoption of the plan as
presented.**

Sincerely,

Garth & Linda Sundberg
