I support the draft you are considering for McKinleyville. It is a major improvement over current county planning rules. I like the focus on pedestrian and bike friendly development and the support of denser housing and mixed-use buildings and the new transit hub. The lovely Hammond Trail draws me and my bike to McKinleyville weekly during good weather but I would never currently venture into town on my bike now. If the changes include changing Central Ave to slow traffic and protect bikes, I definitely would come into town to eat and shop.

Please also consider dropping parking mandates. Climate change is urgent and we need to do all we can to discourage single car traffic.

Thank you,

Cathy Chandler-Klein  
Arcata resident
