Hello MMAC members,

I'm excited to see a fresh new direction in the re-designing of McKinleyville's Central Avenue. Narrowing of Central would enhance the beauty of our town, while being safer, encouraging walking and biking, as well as being more inviting for visitors to our North Coast area. These improvements could be great for McKinleyville's businesses. The antiquated parking requirements should be changed also to more closely meet the actual requirements. So much parking space is not needed in our town.

Respectfully,
Colleen Kandus
