<p>Plan administration The key to the success of the Plan will be its implementation.</p> <p>How easy should it be to modify the plan?</p> <p>Are the proposed policies realistic and can they be effectively implemented?</p>	<p>Policies recognize Plan implementation as a high priority (GP-P1) and identify the roles and responsibilities of the Board of Supervisors (GP-P2), Planning Commission (GP-P3), and County departments (GP-P4, and others in various Chapters) in carrying out its requirements. Priority plan implementation measures shall also be incorporated into annual departmental budget submittals (GP-IM2).</p>	<p>Listed administration and implementation programs at the back of the document and did not contain clear policies regarding the administration of the plan. Criteria regarding amendments to the plan are contained in the introductory narrative rather than policy.</p>	<p>Contains the same plan administration policies as the proposed Plan.</p>	<p>Contains most of the proposed Plan policies, but removes the required findings that are to be made in order to ensure that proposed Plan amendments are in the public interest.</p>

	The proposed Plan also provides for the periodic review of the entire Plan as part of the five-year Housing Element update cycle (GP-P7 and IM3) and establishes flexible criteria to support the finding that proposed amendments are in the public interest (GP-P8).

A	B	C	<p>GP-P1. Priority. Implementing the General Plan shall be a high priority of the County and be given at least equal weight to the implementation of state and federal mandates.</p>	Iss	
			<p>COMMENTS:</p>		
A	B	C	<p>GP-P2. Board of Supervisors Role. The Board of Supervisors shall have the ultimate responsibility to interpret the General Plan and oversee its implementation.</p>	Iss	
			<p>COMMENTS:</p>		
		D	<p>1341 Board of Supervisors. The Humboldt County Board of Supervisors, as the elected legislative body, is the chief policy making body for the County. The Board has sole responsibility and authority to adopt the General Plan as the County's statement of public policy on land use. The Board is required by law to hold at least one public hearing to receive public testimony and to review the report and recommendations of its advisory agency, the Planning Commission. The Board, through the establishment of the Planning Commission, the provision of funding for the work on this plan and the adoption of policies to maximize the public participation has provided the greatest opportunities for public awareness and understanding of the plan.</p>		
A	B	C	<p>GP-P3. Planning Commission Role. The Planning Commission shall serve as the primary quasi-judicial body on land use matters and the primary advisory body to the Board of Supervisors on legislative land use matters. <u>The Commission procedures shall be prepared in a format and language that is clear and readily available to the public.</u></p>	Iss Added Framework Plan Policy 1542.2	
			<p>COMMENTS:</p>		
		D	<p>1342 Planning Commission. The Planning Commission consists of seven people who are appointed by the Board of Supervisors as the advisory agency on all planning matters. One Commissioner comes from each supervisorial district and two are appointed at-large. The Commission must report to the Board and provide recommendations on the adoption and revision of the General Plan. The Commission is required by law to hold at least one public hearing to take testimony on plan proposals. In order to provide for maximum public input, the Commission has the ability to recommend to the Board the formation of advisory committees (see Section</p>		

			<p>1550). The Commission held over thirty public workshops on plan issues addressed in a series of Policy Background Studies now included in the County's data base. The Policies developed during the workshops became the basis for the Hearing Draft General Plan Volume I-Framework.</p> <p>The Planning Department provides planning services to the Board, the Commission, and the public. These services should include: the gathering, presentation, and/or coordination of information; making recommendations; and implementing the Plan. The Planning Director is appointed by the Board with the staff appointed by the Director. The staff level and supporting appropriations are determined annually by the Board during the budget process.</p>		
A	B		<p>GP-P4. Community Development Services Role. Under the direction of the Board of Supervisors, the Community Development Services Department shall have primary responsibility for implementation of the Plan including coordination between County departments.</p>	Iss	
			<p>COMMENTS:</p>		
A	B	C	<p>GP-P5. Community Plans. Community Planning Areas shall continue to be individually planned through periodic updates of Plan and Zone designations and community-specific General Plan policies.</p>	Leg, IM3

				COMMENTS:		
			D	<p>1451 Annual Report to Board. The Planning Commission is required by law [Government Code Section 65400(b)] to report annually to the Board of Supervisors on the status of the plan and progress in its implementation. This report should also review the changes made or recommended as a result of the review schedule shown in Figure 1-3.</p>	See GP-IM1	
			D	<p>1452 Amendments. Amendments may only be initiated by the Board of Supervisors based on a recommendation by Resolution of the Planning Commission or requested by members of the public. Applications by the public shall be on the forms provided by the Planning Department. Fees shall be as established by the Board of Supervisors.</p>		
			D	<p>1452.1 Procedures. All amendments must follow the procedures outlined in the Government Code. An amendment to the General Plan constitutes a project under the California Environmental Quality Act and, therefore, must be evaluated for its</p>		

			environmental effects. In addition, proposed amendments shall be referred to all interested government agencies for comment prior to adoption. As with the adoption of the plan, a legally noticed public hearing is required before both the Planning Commission and Board of Supervisors. Any changes made by the Board must have been considered previously by the Commission, or the Board must refer the amendment back to the Commission for its consideration and report (Government Code Section 65356).		
			<p>D 1452.2 Findings Required. In reviewing proposals for General Plan amendments, the Board and Commission should remember that the General Plan is a policy document for the entire County and that it may only be amended "in the public interest" (Government Code Section 65356.1) as determined by the Board of Supervisors. In other words, the plan should only be amended when the County, with the support of the broad consensus, determines a change is necessary, not merely because a property owner or a group of citizens desires the amendment. Every General Plan amendment, additionally, must be consistent with the rest of the General Plan or appropriate changes need to be made to maintain consistency.</p> <p>Amendment of this plan shall be considered upon making any of the following findings:</p> <ol style="list-style-type: none"> 1. Base information or physical conditions have changed; or 2. Community values and assumptions have changed; or 3. There is an error in the plan; or 4. To maintain established uses otherwise consistent with a comprehensive view of the plan. 		
			COMMENTS:		
A	B	C	GP-P9. Errors in the Plan. Where there is an obvious error in the Plan that would prevent a land use decision otherwise consistent with the Plan, the Planning Commission or Board of Supervisors may act on the matter based on a comprehensive view of the Plan, noting the error in the decision and referring the error to the next available set of amendments.	Leg, QJ	
			COMMENTS:		

			<p>D 1444 Errors, Oversights or Omissions. The document which is the Humboldt County General Plan was prepared over a period of years by a great number of people. They, being human beings, are capable of errors, oversights, and omissions.</p> <p>It is the policy of the County that permit applications shall not be denied on the basis of errors in the Plan. Where a permit is approved on the basis of findings of consistency with a comprehensive view of all relevant plan policies while identifying an error in the Plan, the error shall be referred to the next regularly scheduled amendment (see Section 1450).</p> <p>At such time as an error, an oversight, or an omission in the General Plan is brought to the attention of the Humboldt County Planning Director, such error, oversight, or omission shall be noted in the data base for consideration of any subsequent permit application prior to the next scheduled amendment to correct the error.</p>		
A	B	C	<p>GP-P10.Public Participation. Encourage and facilitate the public’s right to fully participate in all land use planning decisions by dissemination of information with adequate time for review through a variety of media sources, noticing of projects and Plan changes, and through direct communication with the public by the use of explanatory guides and handouts. Planning and implementation programs shall include actions designed to engage affected interests and ensure general public involvement. The Planning Commission should be authorized to create subcommittees or recommend the creation of adhoc committees from their membership, and to create joint committees for the conduct of planning matters.</p> <p>a) Outreach Program. The County shall aggressively solicit the input of the public through an "outreach" program of public participation and encourage public participation through workshops and other methods of direct public education and engagement. Planning and implementation programs shall include actions designed to motivate and engage affected interests and ensure general public involvement.</p> <p>(b) Citizen Committees. 			COMMENTS:		
		D	1334 The Cities' Plans. The General Plan covers all areas of the County, although the regulatory powers of the County are limited to the unincorporated areas which are not in State or Federal ownership. Development and regulation of the cities are controlled by their adopted General Plans. Unincorporated areas adjacent to cities are, in most cases controlled by City Plans which have been adopted by the County. "Spheres of Influence" are unincorporated areas which will ultimately be annexed and served by the cities. Designations of spheres of influence must be approved by the Local Agency Formation Commission (LAFCo). Land use within the spheres is controlled by the County (until annexation) by a plan prepared in formal joint consultation with the city. The city's planning area may extend beyond the sphere of influence, although the land use is still controlled by this plan in consultation with the city.
