Humboldt County Board of Supervisors  
825 Fifth Street, Room 111  
Eureka, CA 95501

**Re: General Plan Update – Additions to the Shortlist for Board Deliberation**

Dear Supervisors,

Healthy Humboldt is a broad coalition of individuals and organizations that has been involved through the many years of the General Plan Update process.

Most of the items we would like to see further deliberated are already included on the staff's "short list." However, after reviewing other groups' recommended additions to the staff's "short list" for Board deliberation, we would like to recommend the following items from Chapter 4 (Land Use Element) for further examination. We can provide further explanation at your July 10 hearing if requested.

- GP-P6. Use of On-Site Sewage Systems for Subdivisions within Urban Development Areas.
- GP-P10. Conversion of Resource Lands.
- UL-S1. Allowed Uses in Mixed Use Areas.
- UL-IMx. Form-Based Code (an Alternative A Implementation Measure from the 2009 Planning Commission Draft GPU).
- FR-P8. Protection of High-Quality Timberlands. This policy should be deliberated in conjunction with GP-P10 (Conversion of Resource Lands) for consistency.

Thank you for your work and for your attention to this important process. We look forward to continuing to participate in the update of our County's General Plan Update.

Sincerely,
