RE: AP# **512-151-076**
 512-151-075
 512-131-057

Dear Ms. Spencer,

I'm writing in regards to the General Plan Residential Land Use Classification for Fieldbrook. We own three parcels in Fieldbrook, and they are all two and a half acre parcels. The AP numbers are **512-151-076, 512-151-075, 512-131-057**. The land use on my properties is Agricultural General at this time. After reviewing the changes to the Residential Land Use Classification you are doing for the General Plan Update, you have Residential Estates Classifications for my properties. If the Land Use Classification has to be changed, I want it to be Rural Residential. The Residential Estates Classification does not include any agricultural uses or Neighborhood Commercial. These land uses are a necessity for my properties. We have been residents of Fieldbrook for over twenty-five years, and we enjoy our land rights and lifestyle in Fieldbrook because of the Ag. General Classification. We use our properties generally for Ag. purposes with livestock, farming equipment, and Ag. Exempt barns. The Rural Estate Land Use Classification is too restrictive for my properties, and is therefore not an acceptable change for the Land Use Classification of our properties. The Rural Residential Classification still allows me all of these uses I have had with my present classification, which is Ag. General.

Thank you for accepting my request of the land use classification of our properties. If you have any questions please call me at (707) 496-6653.

Sincerely,

Chris and Susie Arndt, Owners
133 Anker Road
Fieldbrook, CA 95519
