RE: Humboldt Builders' Exchange Request to Remand General Plan Update to  
Planning Commission

Dear Chair Sundberg & Supervisors,

In reference to the Humboldt Builder's Exchange letter dated November 19, 2013 requesting the General Plan Update be remanded to the Planning Commission, HAR would like to see the Board of Supervisor address the issues brought up in this letter in a public forum. It appears to be in the best interest of the County and its' citizens to discuss sending this document back to the Planning Commission to avoid possible litigation due to the significant changes to several of the Elements, including Guiding Principles, the Economic Element and the Circulation Element. Consistency between the elements is essential and required in a General Plan.

HAR will continue to be involved in the update process whether the plan is before the Board of Supervisors or the Planning Commission.

Thank you for your consideration,

  
Victoria Copeland, Co-Chair  
General Plan Subcommittee
