**Subject:** bill boards

Dear Mr. Richardson:: Please ask the Planning Commission to leave the billboard policy along. Please do not change it. Bill boards are an eye sore to our beautiful community. They degrade the land that surrounds them, bill boards are ugly, and personally, I think that all the bill boards along 101 should be removed and no more allowed. Just imagine how beautiful our landscape would be with no billboards.

Thank you,  
Cheryl Albritton
