**To:** Lovelace, Mark

**Subject:** GPU

Mark,

I will not be able to attend the Board of Supervisor's meeting on Monday but am in agreement with you and many others about the present Planning Commission's frightfully bad judgments with their suggested changes to the GPU.

As Judy Hodgson wrote: "The draft plan was completed and has been awaiting ... action for a year and a half. Pass the GPU. Do NOT send this back to the planning commission."

Sincerely,  
Nancy R. Ihara
