FROM: Martha Spencer, Supervising Planner, Planning and Building Department

TO: Board of Supervisors

SUBJECT: Transmittal of General Plan Update (GPU) review materials and straw voting tally for the Infrastructure Element

Dear Board Members,

During the Board meeting of January 14<sup>th</sup> on the GPU Draft Plan, your Board requested that staff prepare a summary of the deliberation and straw voting by the Board on the Infrastructure Element, including past Board reports and any other pertinent background information. Once this information was collected, you requested that it be distributed to the public, in particular, to the GPU Ad Hoc Working Group for review.

Planning staff is pleased to transmit these documents to your Board and to also make them available to the public on the County's website, [www.planupdate.org](http://www.planupdate.org). There are no new materials being presented by staff other than this transmittal memo (which will also be posted on our website for public review). These documents include:

- Board Straw votes for Chapter 5 (Infrastructure Element)
- Plan Alternative Charts with Planning Commission straw votes for Chapter 5
- Supplemental Report #1, Chapter 5 – Infrastructure Element
- Board Worksheet with staff recommended policy changes (short list items)
- Board report for October 15, 2014 with attachments
- Board report for November 5<sup>th</sup> and 8<sup>th</sup>, 2012 (no attachments)
- Board report for December 3, 2012 (no attachments)

Please note that these materials are also proposed to be included in your January 28<sup>th</sup> Board report as Attachment B for wider public distribution. Please feel free to call me at (707) 268-3704 with any questions or concerns.
