

LAND USE REQUEST

General
Council

Name: Graham Russell

APN: Phillipsville along the Avenue

Current Land Use: CR

Proposed Land Use: CR

Zoning: Various

Request (please be as specific as possible):

The parcels along the Avenue of the Giants are currently (and proposed to be) CR (Commercial-Recreation). However, about 50% of these parcels are residential - which is a non-conforming use. It would make much more sense to match the current land use by designating these as RCC (Rural Community Center), so that the residences are principally permitted. Please consider this request at the ~~July 13th meeting in Redway~~ July 27th meeting in the Board of Super Chamber, since we will be out of town for the July 13th meeting in Redway.
