Meeting scheduled to discuss LAMP changes

The Humboldt County Department of Health & Human Services, Division of Environmental Health (DEH) is holding a meeting Jan. 10, about the newly adopted Local Agency Management Plan (LAMP) and changes to Humboldt County Code related to Onsite Waste Treatment Systems (OWTS).

The meeting will focus on providing information to the local development community and other agencies.

The LAMP, which must demonstrate that the county maintains an onsite wastewater treatment system program that protects public health and water quality, was approved by the Humboldt County Board of Supervisors in November with input from local stakeholders. It has been submitted to the North Coast Regional Water Quality Control Board for final approval.

The Humboldt County Onsite Wastewater Treatment Systems Regulation and Technical Manual has replaced the Humboldt County Sewage Disposal Regulations and appears as Appendix 1 of the LAMP.

The meeting is scheduled to take place Wednesday, Jan. 10, from 2 to 3:30 p.m. at the Agricultural Commissioner's Office, 5630 South Broadway in Eureka.

For more information, visit humboldt.gov/685/Land-Use-Program, call DEH at 707-445-6215 or email envhealth@co.humboldt.ca.us.
