EXHIBIT C
QUARTERLY REPORT

QUARTERLY NARRATIVE:

A. Results/Outcomes

1. The first phase of the radio repeater upgrade was completed and invoiced on September 20, 2016. This phase included the installation of five (5) mobile radio repeaters in five Ferndale police patrol vehicles. The second phase of the project involved a radio repeater upgrade for the linking of Ferndale, Rio Dell and Fortuna Police Departments. This phase was completed July 17, 2017.
2. With the installation of the mobile repeaters and the radio repeater upgrade linking Ferndale, Rio Dell and Fortuna Police Departments, first responders (police officers) have already noticed much improved radio transmission reception. This enhanced mobile radio communication between officers and dispatch and other allied agencies has enhanced officer safety and improved response to public safety calls for service.
