INTRODUCTION

This handbook has been prepared for your information and guidance regarding rules and disciplinary measures during your confinement and should be read regularly. These rules will be strictly enforced to ensure the smooth operation of the facility, emphasizing safety for you and our staff while ensuring your availability to utilize and benefit from our services.

While you are in our facility you are required to obey all rules and directives from officers and to act in a courteous manner toward all staff and your fellow inmates. Some regulations may seem restrictive to you, however, they are necessary to maintain a safe, secure and humane environment. If you have any questions about the rules and regulations, ask any member of the Corrections staff.

Our facility is designed and managed as a “Direct Supervision” detention facility. This means that you are under supervision at all times while in this facility. The privileges you get and the programs you are allowed to enroll in are determined by how you behave. Positive and rational behavior will preserve your privileges. Negative and irrational behavior will result in disciplinary action and/or criminal charges.

This facility has a Zero Tolerance policy against sexual abuse and harassment. Please report any suspected acts of sexual abuse/harassment.

Duane Christian, Captain
Humboldt County Sheriff's Office

In addition to the daily scheduled inspections the staff may find it necessary to conduct unscheduled inspections of your cell and housing unit. Any contraband items found will be confiscated. You are required to cooperate with staff conducting the inspection and you do not have the right to be present during the inspection.

Failure to “Lock Down” as told will not be tolerated and will result in disciplinary action including relocation to a more secure housing area.
