**To:** Planning Clerk  
**Subject:** Mercer Fraser Co./Mad River Project

Hello Members of the Planning Commission:

I'm writing to ask that the Planning Commission NOT allow the Mercer Fraser facility that processes cannabis along the Mad River.

Any type of facility like this can potentially be a nightmare for our community's water system, the farmers, animals, and others that depend on a clean ecosystem.

Besides weather related flooding, earthquakes can cause damages to infrastructure and river flows.

**Please vote no on Mercer Fraser cannabis plant.**

Thank you,  
Suzanne Simpson  
Arcata
