

MEMO

HUMBOLDT COUNTY DEPARTMENT OF PUBLIC WORKS

DATE & TIME: December 4, 2018

FROM: Public Works Dispatcher

SUBJECT: Soil Testing

.....

Attention:

In coordination with the County of Humboldt, SHN Engineers and Geologists will be conducting soil and air testing in downtown Eureka on Friday, December 7 through Saturday, December 8, 2018. Sampling activities will only be canceled if there is a heavy rain. Testing will occur along Fourth Street, adjacent to the Humboldt County Courthouse and Jail, between H Street and K Street, extending north to Second Street. A stainless steel canister used for air testing of the type shown in the attached image will be placed along the east side of the jail next to the gravel parking lot. The stainless steel canister will remain at this location for 8 hours, with technicians performing periodic checks. Barricades with caution tape will be placed around the canister including a sign indicating the canister is for testing purposes. The canister is not explosive and does not contain hazardous materials.
