Dear Board Members and Residents:

Welcome to Humboldt County’s budget for Fiscal Year (FY) 2018-19. Before discussing the year that lies ahead, I would like to thank the community for their continued participation in the Budget Roadshow during February and March. These engaging meetings yield important feedback the county uses to shape policy each year, and that is continuing this year. Later in this section of the budget book you will see a list of services and areas of interest the community discussed at the Roadshow stops. County staff plans to track these issues as related to your Strategic Framework and report back to your Board and the community on progress.

I would also like to thank our county department heads and staff for their participation in the Roadshow as well as the budget process. And I would like to thank your Board for your leadership as the county builds a stronger foundation.

Last year, I wrote to you with a message that the county was focused on navigating an ever-changing landscape. Locally, this included changes to the cannabis industry that is so vital to our local economy, a new significant obligation requiring the county to make changes to facilities and services in order to make them accessible to all people, and the county’s unfunded pension liability that continues to grow each year. At the federal level, we were unsure what the first full year of a new presidential administration would mean for counties, and the economy as a whole was due for a change. In many ways we were trying to take a picture of a subject that moved too quickly.

Now, many of these factors have begun to come in to focus and we can develop a better picture of what they mean for the county’s future. For example, it is now clear that we are at the crest of an economically prosperous time. Equally clear is the fact that enormous challenges lie ahead that will put at risk our ability to provide the level of service Humboldt County residents have come to expect and rely upon. Finally, it is certain that Humboldt County is largely on its own to meet these challenges.

My message to you now is this: If we are to meet these challenges, for our community and the great employees who keep the county government running, the county must take a disciplined approach to its financial situation and focus on strengthening its foundation, for both the short- and long-term.

In practice, this means taking advantage of the meager gains the economy has brought and saving for the rainy days ahead. It also means addressing our debts now to ensure we have money later to provide services at critical times.

Each year in this message I come to your Board to remind you of some of the challenges we face and the great work you have done in service of our community. This year has seen tremendous work in the area of public safety, as your Board has kept its promise to citizens and invested another $11 million in Measure Z funding to county and city law enforcement agencies, volunteer fire, child welfare agencies, and emergency responders. You are leading the state in supporting the legal cannabis industry, re-writing ordinances to adapt to our community and even taking innovative steps to encourage cannabis banking, all while cracking down on the black market. You invested nearly a half-million dollars each of the past two years to support children affected by trauma.

I could go on about the great work being done by your Board and county employees. It is an honor to watch our organization truly serve our citizens and
The Board of Supervisors wishes to promote an organizational environment in which staff and department heads are encouraged to explore innovative ways to align the county with current external realities, and are on the lookout for opportunities to improve our organization and the community.

enhance the quality of life in Humboldt County.

However, I cannot overstate the seriousness of the situation we are facing. The county’s obligations are growing at rates that far outpace its revenue growth, and that disparity is likely to increase in the coming years. In February, my office presented you with a 7-Year Financial Forecast. An important piece of information we learned in that process is that the country is in its ninth consecutive year of economic expansion, barreling towards its tenth. A 10-year period of expansion would be the longest in our country’s history. Recessions typically occur five years apart, which means another one is likely to happen in our near future. We must be prepared for that eventuality.

We know that when the economy declines, demand for public services increases. Knowing that this is our future we must prepare now to ensure we can serve our community when it needs help the most.

The county’s challenges are many. We are facing pension costs of at least $19 million this year and total pension debt of $289 million and rising. County infrastructure and roads are crumbling, and while funding from the state-approved gas tax would help address this, a repeal effort is on the November ballot. In addition, the federal government is taking much longer than anticipated to reimburse the county for disasters that destroyed local roads. The county is also under an historically demanding consent decree with the U.S. Department of Justice, which requires funding of at least $27 million of work in the short term to meet standards of the Americans with Disabilities Act (ADA). Long-term, the county must invest in ongoing expenses to make sure every facet of the county - its facilities, programs and services - remain accessible for all.

Locally, affordable housing has hit a tipping point in our community and we must find solutions to ensure citizens can find places to live on the money they make. Children in our area are experiencing trauma at higher rates than anywhere in California. The opioid epidemic and hard drugs are evident and require resources to combat their negative effects. And we continue to face challenges attracting and supporting new businesses and industry in Humboldt County.

The county’s General Fund is the best source of revenue to address these issues. However, resources are limited and it is vital that the county balance immediate needs with long-term planning.

This year your Board took important steps to help walk this tightrope. In addition to the investments I described earlier, your Board revised its General Reserve and Contingency Reserve policies, and a new Deferred Maintenance Policy will come before your Board soon. Finally, this budget follows through on prior innovative policy decisions that will help address the county’s CalPERS debt.

The new General Reserve policy calls for the Board to annually set aside 10 percent of revenue from Measure S, the voter-approved cannabis excise tax, to build up the county’s rainy day fund. This policy decision shows a dedication to long-term sustainabil-

The legal cannabis industry is too new to rely on these revenues going forward. And the liabilities are too great.
ity as this new legal industry, and source of revenue, is largely unpredictable. In FY 2018-19 the policy level contribution is projected to be a little over $780,000. I am also recommending additional contributions to the General Reserve that would increase the balance in this fund to $4.61 million, or 3 percent of General Fund revenues. Considering the challenges we face, this is a dangerously low amount of funding to have in our savings. Fire disasters are more frequent and our threat of earthquake is ever-present. Even in cases where the state and federal governments provide support (which is the exception and not the rule), natural disasters demand significant funding from local governments during response and recovery. Combine these threats with the impending drop in the economy and it becomes clear why we need to save more. Government accounting best practices recommend at least 10 percent of General Fund revenues at the low end, and 16 percent as a target. The good news is that this newly adopted policy, if followed, will get the county on firm financial footing within 5 to 7 years, roughly the amount of time when credit rating agencies recommend using new revenues for ongoing costs, such as salaries for new staff.

Despite receiving a little under $3 million in new revenue from Measure S, this budget does not recommend a significant increase in ongoing costs. That is because there is too much financial risk in taking that step at this time. The legal cannabis industry is too new to rely on these revenues going forward. And the liabilities I described earlier are too great.

An additional protective step your Board took this year was to adopt a new policy on General Fund Contingencies, stating that it shall contain no less than 2 percent of General Fund revenues. The former policy was 6 percent, and the county never met that level, with balances usually hovering around $1.5 million. This year for the first time, the adopted budget fully funded General Fund contingencies, which totals $3.5 million.

Contingencies in the past have been used to fund projects that were unforeseen at the time of budget adoption, such as emergency response services, or economic development opportunities that arise in the middle of the year. With this in mind, I will remind your Board that as of the time of this writing the county’s labor negotiations have not yet been finalized with all bargaining units, which adds volatility to this budget. The Clerk-Recorder’s Office will likely need help purchasing new voting equipment, and there may be other pending obligations. Longer term, the county has already committed to staffing a jail expansion project funded in part by Senate Bill 863. In addition, the county may need to increase its own support services in order to ensure the county meets state and federal regulations. Contingencies could help soften the blow of those impacts on the budget when those expenses are realized.

We still face a daunting challenge when it comes to deferred maintenance on county facilities. The county last studied this issue 10 years ago and never formally adopted a plan to address regular and backlogged maintenance on its buildings. This budget proposes to continue allocating funding for a Facilities Mas-

Humboldt County Budget
Fiscal Year 2018-19

Focus: To Promote a Safe, Healthy, Economically Vibrant Community

In the General Fund, revenues are $159,552,342, which is $23 million, or 16.9 percent higher than a year ago. This is primarily due to capital projects $11.53 million, Planning, Code Enforcement and Cannabis Planning $4.1 million, Measure S $3 million, property taxes $1.2 million, Measure Z $487,404, sales tax $529,722, and other dedicated funding sources, $2.2 million. This budget appropriates $165,695,066 from the General Fund, which is an increase of 17.4 percent. This means fund balance in the amount of $6,172,724 will be used to finance FY 2018-19 activities. It should be noted that the majority of this funding, or $3,814,085 will be used for one-time investments. This will result in an estimated ending balance of $4.9 million.

We are in a unique time in the history of Humboldt County. We face great challenges but we also hold a great capacity to meet them. I am honored to be serving your Board as you demonstrate the leadership necessary to strengthen our foundation and ensure we will be here for the people of Humboldt County well into the future. Serving them is our top priority.

In closing, I would like to thank the staff of the Management and Budget Team: Karen Clower, Vanessa Ericksen, Elishia Hayes, Sean Quincey and Fiona Wilson for their hard work and perseverance in putting this budget together.

Amy S. Nilsen
County Administrative Officer
Budget Process

County budgets are important documents, but their meaning can be difficult to decipher for citizens. So, this Budget in Brief is intended to provide you with a high-level overview of the budget, in plain terms, so you can get a better idea of where your public funds are being spent, and some of the issues facing our community.

BUDGET PREPARATION

Departments receive input from the community and the Board about priorities for the new fiscal year.

The CAO verifies department requests, compiles them into a cohesive county budget and presents a recommendation to the Board.

BUDGET REVIEW

The Board is obligated to use roughly two-thirds of the budget on state- and federally funded programs.

General Fund monies are under the discretion of the Board and are allocated based on the Strategic Framework, and any other specific guidelines set by the Board.

Upon presentation to the Board, the public has an opportunity to provide feedback.

BUDGET ADOPTION

Budget scheduled for adoption at the June 26, 2018 Board meeting.

January
- Review Strategic Framework
- Mid-year budget report
- Community budget meetings

Feb-March
- Departments’ requested budgets submitted to CAO

April
- CAO’s recommended budget to Supervisors
- Department presentations to Board
- Finish department presentations to Board
- Mandated services & funding

May
- CAO presents proposed budget to Board
- Budget public hearings
- Board approves Budget

June
- Total Budget
- Discretionary funding
- Board of Supervisors’ purview
- Public hearings
- Board of Supervisors’ approved budget
Priorities for New Initiatives

Provide our core services in ways that:

Match service availability with residents’ needs
- Provide community-appropriate levels of service
- Support self-reliance of citizens
- Streamline permit processes
- Retain existing and facilitate new living-wage private sector jobs and housing

Safeguard the public trust
- Manage our resources to ensure sustainability of services
- Invest in county employees
- Invite civic engagement and awareness of available services

Make proactive decisions to:

Partner to promote quality services
- Foster transparent, accessible, welcoming and user-friendly services
- Facilitate the establishment of local revenue sources to address local needs
- Seek outside funding sources to benefit Humboldt County needs
- Facilitate public/private partnerships to solve problems
- Build inter-jurisdictional and regional cooperation

Be an effective and influential voice for our community at the regional, state and federal levels
- Advance local interests in natural resource discussions
- Engage in discussions of our regional economic future
- Engage new partners

Core Roles

1. Enforce laws and regulations to protect residents

2. Provide for and maintain infrastructure

3. Create opportunities for improved safety and health

4. Encourage new local enterprise

5. Support business and workforce development and creation of private-sector jobs

6. Protect vulnerable populations

The Strategic Framework acts as staff’s guide from the Board of Supervisors for all county work
Nearly half of the county’s budget each year is spent on mandated services provided by Health & Human Services, with most of the funding provided by state and federal governments. This includes vital social services like CalFresh, the supplemental nutrition assistance program for low-income families, and Medi-Cal, which is California’s health care system.

**Expenditures by Service**

- **Law & Justice**: $73.24M
- **Health & Human Services**: $196.89M
- **Library & Agriculture**: $5.48M
- **Planning & Building**: $12.44M
- **Public Works**: $88.49M
- **Transfers & Contingencies**: $17.27M
- **Admin Services**: $18.93M

**Property Tax Distribution**

- **62.5%**: Schools
- **16.1%**: County General Fund
- **2.2%**: Roads
- **1.9%**: County Library
- **7.4%**: Redevelopment
- **7.5%**: Special Districts
- **2.5%**: Cities

**Where do your property tax dollars go?**

*Source: Humboldt County Treasurer-Tax Collector*
Revenues: $405.9M

Total expenditures are projected to exceed revenues in FY 2018-19. To make up the difference, the county will use $6.76 million in fund balance, or money left over from the prior year.

Revenue by Source

This year the Board will seek to enhance our core services by:

1. Emphasizing public safety and health
2. Rebuilding reserve and contingency accounts
3. Streamlining inventory of county properties
4. Target investments that generate long-term savings
5. Using results-driven data to demonstrate program effectiveness
6. Support costs for travel, training, and electronic meetings

Personnel Allocation

2,392.66 Funded positions
*Increase of 8.02 funded positions
50.4% of all expenses are personnel costs
5.5% Increase in costs from FY 17-18
Much of the revenue that comes into the General Fund is not tied to a specific activity and can be spent on local needs, which can change year to year. In Humboldt, roughly half of those dollars are spent on law and justice services, such as the Sheriff, District Attorney, Public Defender, Probation and Child Support Services.

### General Fund Expenditures

- **Law & Justice**: $68.06M
- **Health & Human Services**: $7.81M
- **Education & Agriculture**: $1.63M
- **Planning & Building**: $12.44M
- **Public Works**: $43.79M
- **Transfers & Contingencies**: $16.36M
- **Admin Services**: $15.59M

### General Fund Past Trends

The General Fund continues to depend on fund balance left over from prior years to finance activities in the current year. In FY 2018-19, the county will utilize $6.02 million in fund balance.

This will result in an estimated balance of $4.9 million at the end of the year.
Revenues: $159.5M

Additional Funding

Departments requested funds for one-time expenses ($3.8 million) and ongoing costs ($630,636). Due to competing priorities and limited funds, not all requests can be funded. The following requests were selected by the Board to be funded:

**One-Time Costs**
- $1.25M Contribution to PARS Trust to address pensions
- $1M Contribution to ADA Trust Fund for expenses associated to projects ID’d on consent decree
- $500k Contribution to Rainy Day Fund
- $250k Contribution to Deferred Maintenance
- $250k Phase II of the Facility Master Plan
- $110k Mitigate site contamination threats at 4th & J - Eureka
- $100k Deferred maintenance on county facilities
- $84k Two Sheriff’s vehicles
- $66k Operational cost exceeded grant revenues in Economic Development
- $61k Water rights attorney, consultant
- $60k Abandoned Vehicle Program
- $50k Repair roof, floor, electrical at Fortuna Vets Hall
- $50k Landscape maintenance at county facilities
- $50k Transitional living services
- $38k Carry-forward funding for placement of Measure Z renewal on ballot, community outreach
- $21k Support addressing human trafficking issues
- $36k Vehicle for Ag Commissioner for new hire to perform inspections of cannabis sites for the state
- $20k Improve wiring in Auditor-Controller’s Office
- $20k Natural Resources for costs exceeding grant revenues
- $15k Asbestos removal at Parks Maintenance Shop
- $12k Install wireless access points at Ag Center

**Ongoing Costs**
- $400k DHHS collaboration with First 5 to respond to Adverse Childhood Experiences (ACEs)
- $149k Economic Development Director
- $90k Project Manager for hiring, employee retention
- $54k Land Use Division Administrative Secretary
- $39k 2% of TOT tax to Southern Humboldt Visitor’s Bureau
- $27k Contract services to landscape county grounds
- $20k Increase to Film Commission for wages, marketing to promote tourism, cannabis industry

Property and Sales Tax Revenue

Property taxes are estimated to grow at 3.2 percent while sales tax is projected to grow by 3.8 percent. Total revenue for both is estimated at $59.6 million. The sales tax includes Measure Z revenue.
The county in 2016 entered into a consent decree with the Department of Justice, which requires the county to modify its facilities and services to ensure accessibility for all persons. Over the next 7 years, the county anticipates it will cost $27 million to make the necessary modifications, including $7.5 million for curb ramps alone.

### General Reserves

General Reserves is a rainy day fund to be used in cases of financial hardship or emergency. Finance officers recommend maintaining a balance of 10 to 16 percent of General Fund Revenues in this fund. For Humboldt, that would equal at least $15.9 million. The Board revised its General Reserve policy this year to add 10 percent of cannabis tax revenues to reserves per year.

### Contingency Reserves

Contingency Reserves is funding set aside in a yearly budget to be used for unforeseen circumstances. Recommended levels for this fund are between 2-3 percent of General Fund revenues, or $4.7 million.
Retirement Costs Continue to Rise

The county’s contribution rates towards pension costs are expected to rise over the next several years. CalPERS is now requiring fixed payments towards the county’s unfunded liability, rather than a percentage of payroll, which should provide predictability to contribution amounts. The estimated minimum required total employer contribution for FY 2018-19 is $32.2 million and employee contribution is $8.2 million, which reflects the annual required contribution but does not address the increasing unfunded liability. In addition, CalPERS has lowered its estimates on expected returns, which is forcing local governments to contribute more to retirement. The chart represents the estimated total employer contribution (which includes employee, employer and unfunded liability contributions annually) for the depicted forecasted timetable.

Board has taken action to stabilize pension cost

To combat our rising retirement costs the Board in 2015 decided to participate in a retirement stabilization plan, known as PARS. Here’s how it works: the county invests money in an outside trust fund, which is managed by a third party. This way we can invest more aggressively than the county treasury allows. The idea is that this money grows year after year, and when the time is right – likely at the point we can’t afford CalPERS increases – we put that money towards pension costs, which would help level off the increases. More and more governments are taking part in this idea, and it is one way we can protect ourselves for the long-term.
Challenges

The county has fallen far behind in regular upkeep of its facilities. As a result, there are several county facilities that need significant repair or rehabilitation. Deferring maintenance on public infrastructure will only make it more costly later when repairs and fixes are eventually made. The county needs to increase spending on maintenance to keep the facilities in serviceable condition.

**Deferred Maintenance**: How Can We Keep Facilities in Good Order?

While deferred maintenance costs continue to rise, county policy requires a contribution of 2 percent of estimated deferred maintenance costs to be allocated on an annual basis. In years past, due to a number of internal and external factors, policy levels have yet to be realized. This year, the Board contributed $250,000 to this purpose and more than $550,000 additional funds during the first quarter budget review.

Providing for and maintaining infrastructure is one of the Board’s core roles in the 2018 strategic framework. Deferred maintenance costs are estimated at $27 million and should continue to rise by at least 3.5 percent per year. The county must continue to allocate funding towards deferred maintenance so that it meets policy levels. In addition, the county must prioritize the projects it will take on with any additional funding.
## Community Priorities

During the months of February and March county departments participated in the Budget Roadshow and traveled to several parts of the county to listen to community members discuss which county services they would like to see improved. Staff then took the feedback received from all four Budget Roadshows and placed this information online for ranking. Below are the priorities discussed by the community:

<table>
<thead>
<tr>
<th>Affordable Housing</th>
<th>Adverse Childhood Experiences (ACEs)</th>
<th>Economic Development</th>
</tr>
</thead>
<tbody>
<tr>
<td>There is a lack of affordable housing in our community and potential solutions include:</td>
<td>Humboldt County has the highest rate of childhood trauma in the state. How can we prevent this in the future, and ensure those affected will be able to recover? Some ideas include:</td>
<td>What can we do to spur economic development in Humboldt County and help businesses have success?</td>
</tr>
<tr>
<td>• Incentivizing housing investment for community members</td>
<td>• Improving mental health services and facilities for children</td>
<td>• Updating Local Coastal Plans (especially for Humboldt Bay)</td>
</tr>
<tr>
<td>• Reviewing housing options for county employees</td>
<td></td>
<td>• Streamlining the county’s multiple permitting processes through policy or co-location</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Roads and Trails</th>
<th>Targeting Hard Drugs</th>
<th>Ensuring Success of Cannabis Industry</th>
</tr>
</thead>
<tbody>
<tr>
<td>Roads trails and public infrastructure are important assets in our community, and we want to maintain them. Potential solutions include:</td>
<td>How can we deal with hard drugs like meth and heroin? How can we combat the opioid epidemic in our community?</td>
<td>How can we support the cannabis industry?</td>
</tr>
<tr>
<td>• Improve infrastructure like facilities, roads and rural broadband</td>
<td>• Addressing substance abuse and opioid addiction</td>
<td>• Permitting cannabis facilities and farms</td>
</tr>
<tr>
<td>• Preserving our rivers and water sheds</td>
<td></td>
<td>• Collecting excise tax</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• Performing inspections</td>
</tr>
</tbody>
</table>
Through three years of Measure Z, the half-cent sales tax passed by voters in 2014, the community has seen 71 new public safety projects funded, with 19 more on the way this year. Outlying areas now have 24/7 patrol by law enforcement, local roads are in better shape, and motorists can be assured that an ambulance will be there in case an accident happens on Highway 299. While the community still has many public safety needs, we are safer since the passage of Measure Z.

*A complete list of Year 4 projects is in Section J.*

The Fortuna DTF agent has increased the level of drug enforcement in the Eel River Valley. Our SRO is building bridges between students and staff, which is a positive impact.

**City of Fortuna Police Department**

Project funded 1 officer assigned to the Drug Task Force (DTF) and 1 School Resource Officer (SRO).

We have added deputies in Southern and Eastern Humboldt, and North Area Command. We added Correctional Officers in the jail and are helping fix the emergency radio infrastructure.

**Humboldt County Sheriff’s Office**

Project funded 38 personnel, a Lenco Bearcat and snow rescue vehicle, and radio study.

"The Fortuna DTF agent has increased the level of drug enforcement in the Eel River Valley. Our SRO is building bridges between students and staff, which is a positive impact."

"We have added deputies in Southern and Eastern Humboldt, and North Area Command. We added Correctional Officers in the jail and are helping fix the emergency radio infrastructure."

"Measure Z-funded officers maintain a frequent and visible presence along the waterfront and city trails, addressing complaints and dismantling camps. Disposed garbage includes discarded needles and other environmental hazards. Eureka’s Mobile Intervention Services Team (MIST) officer allows for more frequent and effective opportunities to engage homeless individuals and offer referrals to services. In some cases, these efforts have resulted in decreased arrests, complaints/calls for service and emergency hospitalizations."
Volunteer fire departments are receiving equipment recognized as standard across the nation, allowing them to perform emergency response.

**Humboldt County Fire Chiefs’ Association**
Project is funding personal protective gear, fire trucks, building sheds, dispatch and planning fees.

**District Attorney Caseload**

- # of Misdemeanor Cases
- # of Felony Cases

**MIST Program Outcomes**

- Unique Client Count
- Total Semper Virens Hospitalizations

**Behind the data:**
With additional staff the DA now assigns one attorney to follow a serious/violent case from beginning to end. This increases efficiency and effectiveness, and it gives victims of violent crime the attention they deserve.

The DHHS-Mobile Intervention Services Team reports that there has been a 31 percent reduction in psychiatric hospitalizations in the 2 years after first contacting a client.

**July ‘17 to March ‘18:** Hoopa Ambulance responded to 244 calls with an average response time of 5 minutes in town, and 11 minutes along Hwy 299.

**Behind the data:**
With additional staff the DA now assigns one attorney to follow a serious/violent case from beginning to end. This increases efficiency and effectiveness, and it gives victims of violent crime the attention they deserve.

K’ima:w Medical Center
Project is funding Hoopa Ambulance, which provides service along Highway 299.
In May 2018 the Board of Supervisors adopted “Cannabis 2.0,” which revised the county’s cannabis land use ordinance. Among the changes, the new rules cap the total number of cultivation sites based on watershed. This change will help ensure that Humboldt County’s rivers and creeks remain healthy and vibrant for years to come.

- Of issued permits are for other activities.

The Future of Cannabis
Utilizing Measure S revenues to fund ongoing expenses requires careful consideration as this excise tax is a new revenue source and the cannabis industry is in its infancy in terms of legalization. Revenues are projected to decline in 2023 when rules limiting farm sizes sunsets.
If current trends continue, the General Fund is expected to fall to a negative balance as early as 2020. This is a significant risk to the county’s ability to serve the community, particularly when it comes to public safety. Major contributing factors to the declining fund balance include increasing retirement and health insurance costs, and slow to moderate revenue growth, particularly property tax and Measure S, the cannabis cultivation tax passed by voters in 2016.

**Projection of General Fund Balance**

![Projection of General Fund Balance](image)

Expenditures exceed revenues for each year of the forecast.

This forecast assumes that annual contributions to deferred maintenance are $500k and reserves are 10 percent of Measure S revenues. Contingencies are $3.5 million.

Entering FY 2018-19, an additional $935,000 is needed annually, or $6.5 million total, to begin to meet annual policy levels for reserves, contingencies and deferred maintenance.

**General Fund Projection Results**

What does this all mean?

Based on the forecast the General Fund is starting to show improvement, however the county is still spending more than it earns, and that disparity will grow in future years if no action is taken.

There are a number of fiscal concerns/issues, such as insufficient Reserves; fixed costs increasing faster than revenue growth; loss of Measure Z revenue; and reliance on fund balance to produce a balanced budget, that are manageable with a long-term plan and a disciplined approach.

Your Board has taken steps to begin addressing the above concerns. Commitment to those plans will provide the county with the best chance to weather the inevitable financial storms headed our way.
Six Humboldt County programs were recognized by the California State Association of Counties (CSAC) as being among the most innovative, efficient and cost-effective in the state. Every year CSAC holds a competition called the Challenge Awards with all of California’s 58 counties wherein each jurisdiction is invited to submit their best new programs for consideration. The competition received more entries than ever this year (288), with 16 programs receiving Challenge Awards (the competition’s top honor), and 31 were recognized with Merit Awards. Humboldt County earned three Challenge Awards and three Merit Awards.

Programs were recognized from the following departments: Sheriff’s Office, Public Works, Agriculture Department, Child Support, and the County Administrative Office.

**Sheriff’s Office**  
Reprogramming Corrections

The Sheriff’s Office partnered with Humboldt State University sociology students to conduct research regarding reducing recidivism, especially in light of 2011 prison realignment. One of the recommendations that came from the research was to hold a three-day re-entry fair to connect people in custody with community resources and employers.

**Agriculture Department**  
Track and Trace Pilot Project

The Agriculture Department developed and implemented a cannabis track and trace project for tracking the movement of medical cannabis from cultivator to dispensary. Humboldt was the first California county to implement a program to track the movement of cannabis products through the distribution chain. The project has proven useful to both industry and regulators as it provides verification for proof of origin and whether the product is legal.

**Public Works**  
Tsunami Zone App

The Tsunami Hazard Zone App was developed to provide an additional tool for community tsunami hazard planning and emergency preparedness on the North Coast. Staff took an inter-agency approach and used existing tsunami hazard data to create an accessible, dynamic interface that could be used online from any device. The goal is to use the app as part of the community’s emergency planning efforts for home, work, school, and play. Check out the app at humboldtgov.org/TsunamiApp.
Helping Humboldt

County Administrative Office
Budget Roadshow
In a critical year where Humboldt County was set to begin receiving cannabis tax revenue for the first time, staff from many departments and elected officials went on the road to discuss the budget face-to-face with the community, and received more input than ever.

County Administrative Office
All Hands Training Day
Humboldt County reserved a full workday to bring all employees together and provide mandated and elective trainings, and had the training sessions take place on what was traditionally a county holiday for minimal impact on the public.

North Coast Regional Department of Child Support Services (NCDCSS)
Child Support Collections for Multiple Small Counties
The challenge was to maximize the opportunity for small counties to collect child support for parents when the other parent is receiving worker’s compensation. Staff with specific expertise in this subject used relationships they have built to hone in on a process that is effective and efficient for smaller counties. This process is now being used by NCDCSS to collect child support on worker’s compensation claims for 14 small, rural counties.

Wraparound program unites services for youth
The Department of Health & Human Services has increased outreach to struggling youth and their families, and is currently engaging more than 40 young people dealing with emotional and behavioral health challenges in an innovative program.

Wraparound is a holistic approach to at-risk youth client intervention, bringing together staff from multiple programs to collaborate on cohesive treatment strategies. It’s an intensive method of engaging children and youth with complex needs so that they can remain in their homes and communities. Perhaps most importantly, family members are engaged and encouraged to fully invest themselves in treatment plans. Staff from Children’s Mental Health, Child Welfare Services and Probation collaborate on individualized cohesive recovery strategies.

Beginning in April 2016, Children & Family Services, joined by Probation, started training as Wraparound coordinators and coaches. In September, eight employees attended the National Wraparound Implementation Academy in Washington D.C. That was followed in October by National Wraparound Implementation Center training in Humboldt.

The Wraparound program has the ability to accommodate up to 100 families.
Staying Involved

**Digitally at Humboldtgov.org**
- Sign up for the county’s monthly electronic newsletter
- Weigh in on county issues on the Open Humboldt discussion forum
- Join Nextdoor.com to connect with your neighbors

**In Person**
- Attend the annual Budget Roadshow in Feb or March
- Attend or watch a Board of Supervisors meeting on Tuesdays
- Attend the budget hearings in June
Martin Swett

P. 7 Patrick’s Point  P. 14 Baker Beach
P. 7 Bald Hills     P. 18 Redwood
P. 7 Bald Hills (Snow)  Valley
P. 9 Ave. of the Giants P. 19 Prairie Creek
P. 12 Gold Bluffs Beach

Martin Swett is an avid landscape photographer who prefers to go off the beaten track in search of great images. Martin’s photography expeditions take him throughout the Western United States, but he can frequently be found on Humboldt’s trails, creeks and beaches during golden hours. Check out more of his work on Flickr.com.
