Re: Draft Environmental Impact Report
Humboldt Wind Energy Project

28 April 2019

Thank you for the opportunity to provide input on this project.

Alternate 5. Reduced Turbine Foot Print provides the best consideration to natural and cultural resources.

BUT

I wished Alternative 5 also contained the provisions of Alternative 2 avoiding underground crossing of the Eel River and alternate road alignment (Jordan Road) to protect Spotted Owl flyway.

I4-1

Thank you to everyone for their work on preparing this report.

Sincerely,
Ranada Laughlin
