Humboldt Wind Energy Project Planner
County of Humboldt Planning Dept.
3015 H St
Eureka, CA 95501

Dear Members of the Planning Dept. and all involved in this Project.

In our quest for energy production that does not produce greenhouse gasses we must be careful that we are doing it right.

I am for "clean" energy production, but see this Humboldt Wind Energy Project as one we will regret if it goes to completion. Our regrets will be the disturbingly visible location, the impact on wildlife, the drastic loads of materials transported to our county on our failing roads, to name those most obvious to me.

Please seriously consider rejecting this proposal.

Sincerely,
