Subject: wind turbines

To whom it may concern,  
My husband and I are residents of Humboldt county and we strongly oppose the wind farm proposition for Scotia. These monstrosities are not simply an eye sore. They are a waste of resources and money. They will do nothing to solve energy consumption problems, they pose major health risks for those who will live in its vicinity and will damage the ecosystem. Please do not allow this project to continue. Listen to the residents and tax payers of Humboldt county.

Thank you,
