Subject: Re: EPIC & NEC Comments on Humboldt Wind Project (1/4)

Because I couldn't help myself to not do more work, please find the attached supplement to our previously submitted comments, as well as accompanying cited document.

On behalf of the Environmental Protection Information Center and the Northcoast Environmental Center, please accept these comments on the Humboldt Wind Project. Documents cited in our comments will be included in future emails.

We would like to discuss the attached comments with the county and with Terra-Gen in the near future. I will follow up next week to schedule a mutually convenient date and time.

Have a great weekend!
