

McKinleyville Municipal Advisory Committee

October 31st, 2019

To: Humboldt County Board of Supervisors, Planning Commission, and Planning Department

The McKinleyville Municipal Advisory Committee Received a partial public workshop presentation of The Draft Accessory Dwelling Unit Ordinance at their regularly scheduled meeting on October 30th, 2019. During the presentation it became clear that the current draft does not incorporate new state law recently signed legislation AB 881 and AB 68. (Oct. 10th, 2019)

MMAC passed a unanimous motion to recommend that the public workshops of the draft county ordinance, be postponed, until such time as the draft includes all the new state laws and language regarding ADU requirements. MMAC also suggests that the format of the draft ordinance include highlighted or italicized print where the language and rules in the draft which are potentially subject to change without violating new state law. This way the public can provide meaningful input before an ordinance is adopted.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kevin Dreyer".

Kevin Dreyer
MMAC Chair
