January 31, 2020

Attn: All practitioners, medical support staff and laboratory staff

Humboldt County Public Health Laboratory would like to thank everyone that was able to submit additional influenza PCR samples for our sentinel testing. **At this time, we no longer need these additional submissions and will go back to charging our routine fee for testing.**

Our routine testing includes **Influenza A** subtyping for H3 and the 2009 H1N1. In addition to that, we are excited to announce that we can now subtype **Influenza B** on site into Victoria and Yamagata lineages.

If you have any questions about testing or fees, please contact the laboratory at (707) 268-2179. Thanks again for your participation.
