

ARGUMENT IN FAVOR OF MEASURE H

Vote YES on H to maintain our own voter-approved locally controlled funding that cannot be taken by the State. We must continue to be self-reliant, and address our own unique, local needs. It's more important than ever to continue supporting and investing in our local economy.

YES on H maintains:

- Rapid 911 fire, police and emergency response
- Youth and senior services
- Local business and jobs support
- Street repair and road safety
- Community Health Programs
- Homelessness Prevention Services

Did you know? To continue to improve local streets, fix potholes and increase road safety we need to bring in matching funds for critical local improvements.

YES on H will bring matching state and federal funding that will make our roads and sidewalks safer for drivers and pedestrians, and ensure first responders can quickly reach people who need help. In an emergency, every second counts.

YES on H speeds up efforts to connect those in need with services including emergency shelter. We need to continue to prevent and reduce homelessness, while keeping our neighborhoods and public spaces safe, healthy, and secure.

YES on H continues to ensure out-of-towners who use our local services including streets, parks, and police protection, continue to pay their fair share. Half of Eureka's sales tax revenue comes from out of town visitors.

YES on H helps keep Eureka a great place to live and raise a family. Measure H will support youth and senior services and local parks and recreation, including the Adorni Center and Sequoia Park Zoo.

Measure H continues to be fiscally accountable, including Independent Citizens Oversight, financial audits, and public reporting to ensure funds are spent on OUR priorities. **Measure H** is NOT a tax on your home or property.

Join us in voting **YES on H!**
