12 New Cases Reported Today

Twelve additional cases of COVID-19 were reported today. One previously recorded case was determined to be from another county, so the total number of Humboldt County residents who have tested positive now stands at 3,036.

As of Monday, Feb. 15, the state has allocated to Humboldt County 25,910 doses of COVID-19 vaccine, including doses from both Pfizer and Moderna. Humboldt County Public Health and other local approved vaccinators have been able to stretch that allocation to administer a total of 25,923 doses.

This week's vaccine allocation from the state has been delayed by winter storms, which has impacted some provider clinics. Providers are reaching out to those affected by the delay.

For the most recent COVID-19 information, visit [cdc.gov](https://www.cdc.gov) or [cdph.ca.gov](https://www.cdph.ca.gov). Local information is available at [humboldt.gov](https://www.humboldt.gov) or during business hours by contacting covidinfo@co.humboldt.ca.us or calling 707-441-5000.
