## 15 New Cases Reported Today, Local Vaccine Info Now Available on Dashboard

Fifteen new cases of COVID-19 were reported today, bringing to 3,151 the total number of Humboldt County residents who have tested positive for the virus.

The Humboldt County COVID-19 Data Dashboard has been updated to reflect the most current vaccination data as reported by the California Immunization Registry (CAIR). In addition to case and testing information, the “Cumulative Totals” section of the Dashboard now includes the total number of vaccine doses administered locally as well as the percentage of Humboldt County residents who have been partially and fully vaccinated. Vaccine information will be updated each Wednesday.

The “Vaccine Data” section of the Dashboard will additionally include the following:

- Number of individuals fully vaccinated
- Number of individuals partially vaccinated
- Vaccine distribution by age group
- Vaccine distribution by race
- Vaccine distribution by ethnicity
- Vaccine distribution by gender
- Vaccine distribution by zip code.

Age, race, ethnicity and gender demographic categories reflect the total number of doses administered to each subgroup and the percentage of each subgroup that is partially or fully vaccinated. Please note that race, ethnicity and gender data is self-reported, and anyone for whom data is not reported will be listed as Unknown.

Access the complete Data Dashboard, including vaccination information, at [humboldt.gov/Dashboard](http://humboldt.gov/Dashboard). To view vaccine data only, go to [humboldt.gov/VaccineData](http://humboldt.gov/VaccineData).

Learn more about the data presented at [humboldt.gov/WhatTheseNumbersMean](http://humboldt.gov/WhatTheseNumbersMean).

For the most recent COVID-19 information, visit [cdc.gov](http://cdc.gov) or [cdph.ca.gov](http://cdph.ca.gov). Local information is available at [humboldt.gov](http://humboldt.gov) or during business hours by contacting [covidinfo@co.humboldt.ca.us](mailto:covidinfo@co.humboldt.ca.us) or calling 707-441-5000.
