### 28 New Cases Reported Since Friday

Twenty-eight new cases of COVID-19 have been confirmed in Humboldt County since the most recent report Friday. The total number of county residents who have tested positive for the virus is 4,675.

Two new hospitalizations have also been reported since Friday, one person in their 40s and another in their 60s.

Since the last weekly data update on July 6, the county has reported 60 cases of COVID-19 and four hospitalizations. More than half of the cases were in residents under the age of 30, including 16 residents between the ages of 10 and 19 and five children under the age of 10. The residents who were hospitalized over the last week were two people in their 40s and two in their 60s.
