Commercial and Residential Construction, Demolition & Inert (CDI) Waste Guide

- Waste resulting from all construction and demolition projects must be handled in accordance with state and local regulations.
- Household and hazardous wastes must be handled separately and are not acceptable as part of this waste stream.
- Mixed (unsorted) CDI waste must be transported to an approved disposal or transfer-processing facility.
- Materials to be recycled must be separated at the point of origin and taken to a legitimate CDI recycling center or CDI transfer- processing facility.
- Waste that is transported outside of Humboldt County for disposal at a permitted landfill must be accurately accounted for by weight. Copies of weight tickets generated at the landfill must be provided by the transporter to Humboldt Waste Management Authority (HWMA: 707-268-8680) for state-mandated waste generation tracking purposes and for payment of appropriate in-county waste generation fees.
- The applicant should have demonstrated proposed disposal/recycling plans for the proposed project at the time a building permit is obtained for construction and/or demolition.

Sites where CDI can be received and processed in Humboldt County

Recommendation: call in advance to ensure the site can accept your material and whether a fee will be charged
