2 Deaths, 2 Hospitalizations, 32 Cases Reported

Two Humboldt County residents have died from COVID-19, marking the 80th death in the county since the pandemic began. Staff in the Department Operations Center extend their condolences to the friends, loved ones and caregivers of those who died.

Two new hospitalizations have also been reported, including one resident in their 50s and one in their 70s.

Thirty-two new cases of COVID-19 have been processed and confirmed in the county, bringing to 7,578 the total number of residents who have tested positive.

As of Tuesday, 73,532 county residents have been fully vaccinated, or 54.1 percent of the county's total population. Nearly 70 percent of the vaccine-eligible population age 12 and older has received at least one dose.

COVID-19 vaccines are available at Public Health clinics located around the county. Walk-ins are welcome, or appointments can be made in advance at [MyTurn.ca.gov](https://myturn.ca.gov). For instructions in English or Spanish on how to use My Turn, go to humboldt.gov/VaccineInfo.
