## news release

---

Sept. 13, 2021

### 1 Death, 2 Hospitalizations, 171 New Cases Reported Today

A Humboldt County resident in their 70s has died from COVID-19. Staff in the Department Operations Center extend their condolences to the friends, loved ones and caregivers of the person who died.

Two new hospitalizations have also been reported, including one resident in their 60s and one over the age of 80.

A total of 7,894 residents have tested positive for COVID-19 in the county after 171 additional cases have been reported since Friday.

While some fully vaccinated individuals do become infected with COVID-19, health officials overwhelmingly agree that vaccination is the most effective way to prevent severe outcomes.

To remove barriers to access to vaccinations for teens, county residents age 16 and 17 can now receive a vaccination at Public Health clinics without a parent or guardian physically present as long as they have a signed consent form. Children under 16 still must be accompanied by their parent or legal guardian. Consent forms are available in [English](#) or [Spanish](#).

COVID-19 vaccines are available at multiple Public Health clinics located throughout the county. Walk-ins are welcome, and appointments can be made in advance at [MyTurn.ca.gov](https://myturn.ca.gov). For instructions in English or Spanish on how to use My Turn, go to [humboldt.gov/VaccineInfo](https://humboldt.gov/VaccineInfo).

See the schedule of upcoming Public Health clinics below:

**Willow Creek – Tuesday, Sept. 14, from 10 a.m. to 3 p.m.**

Public Health Willow Creek Clinic (77 Walnut Way)

**McKinleyville – Sunday, Sept. 19, from 9 a.m. to 5 p.m.**

McKinleyville High (1300 Murray Road)  
Pfizer/Johnson & Johnson

To check availability of a particular vaccine at local pharmacies, visit [vaccines.gov](https://www.vaccines.gov), or text a ZIP code to 438829 to locate a pharmacy offering vaccines nearby. Most pharmacies allow walk-ins.

Pfizer is authorized for those 12 and older, and Moderna and Johnson & Johnson vaccines are authorized for people age 18 and older. County residents age 16 and 17 can receive a vaccination at Public Health clinics without a parent or guardian physically present as long as they have a signed consent form. Children under 16 still must be accompanied by their parent or legal guardian.

Full protection from vaccination is achieved two weeks after receiving the second dose of a two-dose series or two weeks after receiving a single-dose vaccine.
